

This is a great opportunity to impact literally thousands of believers not only in India, but in Nepal, Bangladesh, and Myanmar as well.

We will be training our core group of Master Teachers in Lucknow India, equipping them to teach Building the Inner Man within their networks. We will also be establishing a South Asian leadership team.

IMD will be adding a new focus in South Asia in 2018. We will be seeking more opportunities to train women and develop a team of Master Teachers who are women.
